

Storage Guide

Welcome to _____ fresh food plan,
_____ is currently on _____ meal(s) per day.

Place all pouches in the freezer except the one being used the next day, put that in the fridge.

Move one pouch from the freezer to the fridge 24hrs before feeding.

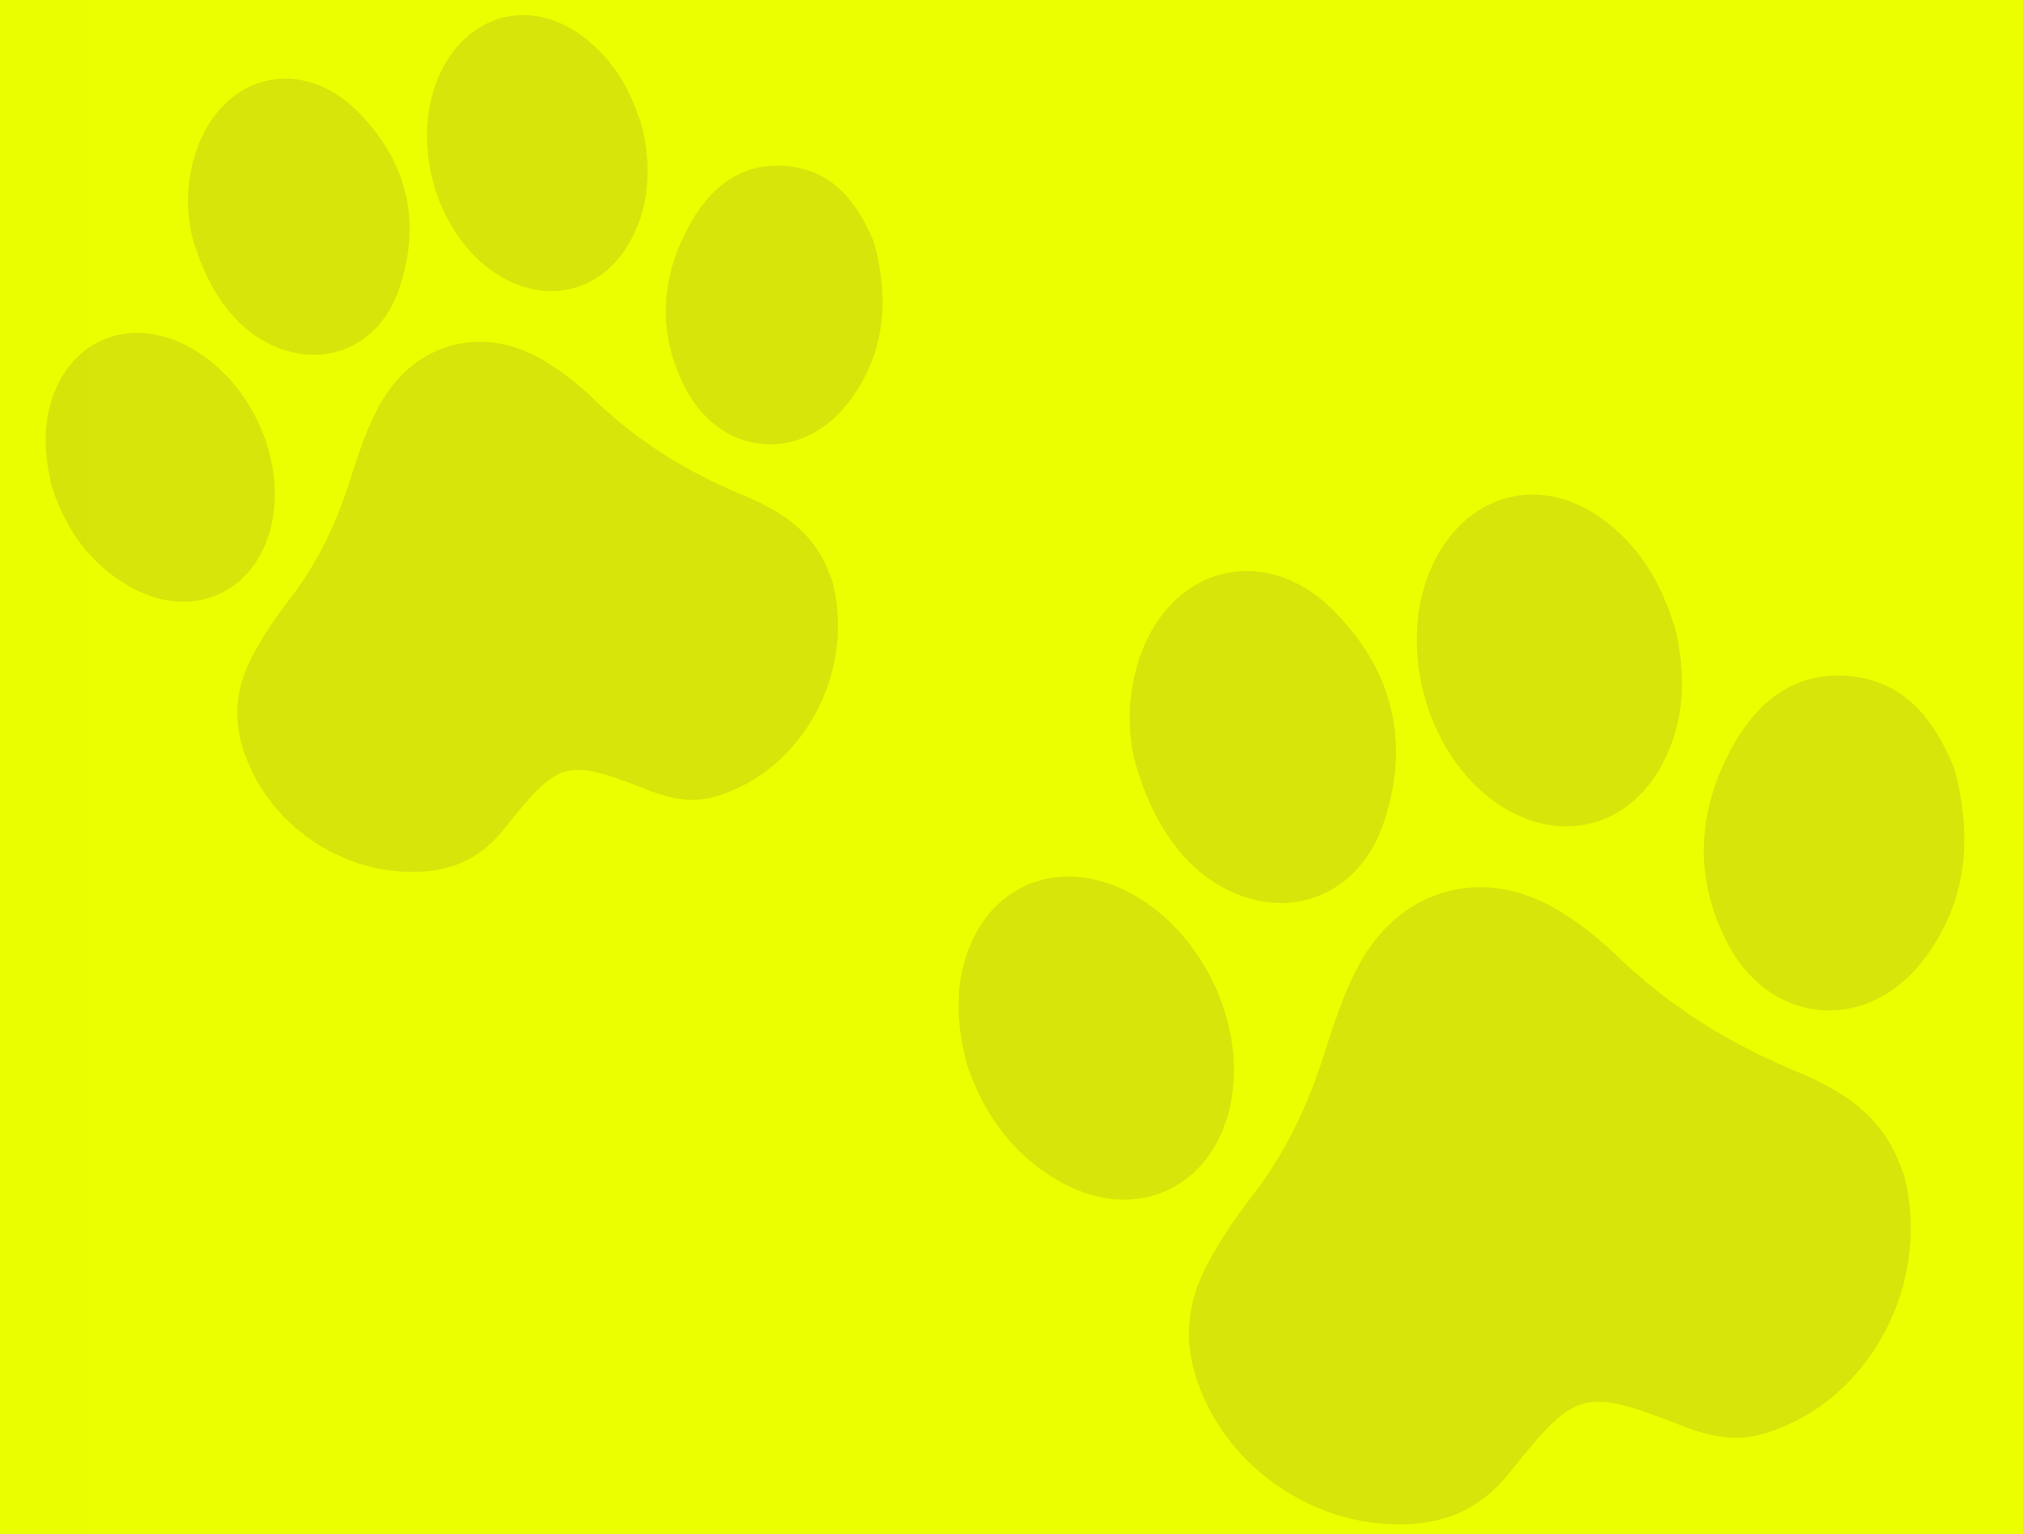

Consume one pouch per day. If feeding two meals per day, use half a pouch per meal. Feed direct, do not heat.

After opening a pouch, store in the fridge and consume within 24hrs.
